2009 SUMMER SOCCER CAMPS

In association with Hardin County

Youth Soccer Club

"Since 2003, World Wide Soccer camps have offered young soccer players throughout Texas the opportunity to receive professional, high-level soccer coaching that challenges and improves their game. Players make friends and create memories that last long after the camp ends. From technical and tactical skills to creative challenges to our World Cup Tournament, our camps offer a healthy balance of instruction, excitement, structure and variety.

World Wide Soccer's team of highly-qualified and skilled professionals come from various countries such as England, Scotland, Japan and Mexico. This international influence enriches our program while exposing our players to the many cultures that celebrate soccer."
